Summary

Hi, I'm Shorif, a skilled React.JS and Next.js Developer with more than 2 years of quality experience in designing & developing a wide range of complex websites.

My biggest strength is being able to quickly and easily learning attitude. I love learning new things and I consider this as my biggest strength because it helps me to become a better version of myself.
Also, I'm a hard worker, honest and friendly, and helpful in nature. I keep myself cool and calm in any up-and-down situation. Most importantly, I am a keen listener.

Skill Highlights

- Html
- JavaScript
- Typescript
- Next.js
- Css
- React js
- PHP
- MUI

Other Skills

- Redux Tollkit
- Sass
- JQuery
- React Router Dom
- Bootstrap
- Styled Comonent
- Tailwind Css

Feature Project

Ecommerce Website : React.js Next.js Typescript Sass Commerce.js API
This e-commerce website allows users to browse and purchase products online. It features a modern, user-friendly design and is built using the latest web technologies.
Demo: https://jonaki-shop.netlify.app/
Major Challenges:
- Handling API calls and data management
- Filtering Products based on category and search
- Creating dynamic pagination for the shop page
